

Horizontal Wall Hung Electric Residential Water Heaters

Features

[[9001]] Bradford White is an ISO 9001-2015 registered manufacturing facility.

- Certified to IEC 60335.
- Glass Lined Steel Tank.
- 40 mm (1.6") Non-CFC Polyurethane Foam Insulation.
- Integral Heating Element and Thermostat With Manual High Limit.
 - Flange style element transfers heat directly and efficiently to the water.
 - Adjustable thermostat sensor immersed in the water for accurate temperature control.
- Pilot Lights—Indicate that the elements are actively heating the water.
- Temperature Indicator.
- Protective Anode Rod—Provides added protection against corrosion for long-term, trouble-free service.
- Water Connections—G1/2 (BSPP)—Color-coded for ease of installation.
- Powder Coated External Jacket.
- Rated Power & Voltage is 2kW at 230V.
- Operating Voltage Range is 220V to 240V.
- Operating Frequency is 50 or 60 Hz.
- Single Phase Operation Only.

6-Year Limited Tank Warranty / 1-Year Limited Warranty on Component Parts.
